Letter From Your Lead Editor

Salutations readers! Today's topic is about the Winter Olympic Games. Now I know what you're thinking, the Olympics *just* ended, but I know you still have some questions in your head like *When did the olympics first begin? Or How do I enter the Olympics?* So I will answer your questions right now.

- The first Winter Olympics was in 1924 at Chamonix, France.
- The most a ticket to the Olympics cost was \$1,862, and the cheapest was \$25.
- The next Winter Olympics will be held in Beijing, China in 2022.
- In order to join the Olympics, you must get an invitation from the International Olympic Committee or go through the Olympic trials, a competition to see who can join.

To wrap things up, I'd like to say something that we can all relate to. The Olympics is the manifestation of perseverance, determination, and our dreams to succeed. To reach success, we must be willing to sacrifice and give it our very best, and have the will to win.

Sincerely, Gabriel Alley Perez
